

Call for Papers

**The Academia Mexicana de Óptica
(AMO)**

**and the Centro de Investigaciones en Óptica
(CIO)**

invite you to celebrate the International Year of Light
(IYL 2015) and the XXXV Anniversary of CIO, by
submitting your most recent and outstanding research
and/or technology developments, to be presented either
in the oral or poster sessions of the

**Mexican Optics and Photonics Meeting 2015
MOPM 2015**

that will be held at CIO, on September 9-11, 2015.

MOPM 2015 Objectives

To establish a world class academic meeting allowing the Mexican optics and photonics community to:

- internationally present the outstanding recent research results reached in Mexico;
- learn about the outstanding recent research results reached abroad;
- promote active collaboration among research teams located in Mexico and abroad; and,
- network the young Mexican researchers with the solidly established research teams.

Plenary Speakers

Yasuhiko Arakawa, ICO-President (University of Tokyo)

Pedro Andrés, RIAO-President (Universidad de Valencia)

Eric Mazur, OSA-Representative (University of Harvard)

Zeev Zalevsky, Bar Ilan University, Israel

Invited Speakers

Xavier Mathew, Instituto de Energía Renovables, UNAM

Miguel Alonso, Institute of Optics, University of Rochester

Esperanza Carrasco, Instituto Nacional de Astrofísica, Óptica y Electrónica

Cecilia Noguez, Instituto de Física, UNAM

Mildred Quintana, Instituto de Física, UASLP

Baldemar Ibarra, Instituto Nacional de Astrofísica, Óptica y Electrónica

Mikhail Shlyagin, Centro de Investigación Científica y de Educación Superior de Ensenada

Canek Fuentes, School of Electrical And Computer Engineering, Georgia Institute of Technology

Gerko Oskam, CINVESTAV-IPN, Unidad Mérida

Roberto Machorro, Centro de Nanociencia y Nanotecnología, UNAM

Miguel Vidal, Coordinación para la Innovación y aplicación de la ciencia y la tecnología, UASLP

David Monzón, Centro de Investigaciones en Óptica

MOPM

MEXICAN OPTICS AND
PHOTONICS MEETING
September 9 -11, 2015
Leon, Guanajuato Mexico

Zeev Zalevsky, Bar Ilan University, Israel

Isaac Hernández, CINEVSTAV-DF

Patrick Reardon, Center for Applied Optics, Alabama University

Alfonso Lastras, IICO-UASLP

Extended Abstract

The guide for your abstract submission is attached. The extended abstract must be in two pages and in English.

Please note that when you submit your abstract, one of the authors should be regular member and had paid the annual fee (2015) of the AMO.

As in the previous MOPM editions, all participants will be invited to submit their contribution, once it is accepted, to the MOPM-2015 special issue that the journal of *Optica Pura y Aplicada* of the Sociedad Española de Óptica will publish.

Important dates

Abstract submission deadline: May 29, 2015.

Acceptance: July 10, 2015.

Conference: Wednesday, September 9, 2015 to Friday, September 11, 2015.

Early registration reduced fees* (Deadline: August 10, 2015):

AMO regular member: \$1,500

AMO student member: \$500

Non AMO member: \$2,200

Non AMO student member: \$900

Late registration fees*:

AMO regular member: \$2,000

AMO student member: \$500

Non AMO member: \$2,700

Non AMO student member: \$900

*Add 16 % of I. V. A. (VAT) in case you require an invoice to be issued.

All fees are in Mexican Pesos (MXN) and include extended program booklet and conference materials, Wednesday and Thursday lunches, coffee breaks and welcome reception.

For more information about MOPM 2015, please visit the conference website, accessible through <http://www.amo-ac.mx/> or <http://congresos.cio.mx/mopm/> or email us to: mopm2015@amo-ac.mx
